CLASSROOM CHATTER

Mrs. Chapman's class has been enjoying weekly visits from their new furry friend, Kush. Kush is a therapy dog with the FURever As Friends S.M.I.L.E. program. S.M.I.L.E. stands for Silent Mentors in Literacy Education. The students have been enjoying reading to Kush each week and he seems to appreciate all of the good books he gets to listen to! Kush gives the students lots of love and support, which boosts their confidence, not only in reading, but in other areas as well! He has been a fantastic addition to our family in Room 113!
